The Little Alamance Creek Clean Up offers volunteers a chance to make a difference for the environment by promoting the protection of water quality, riparian ecosystems, and recreational uses within Alamance County. Come out and join us as we remove trash, debris, and other items from the stream that have an impact on water quality.

Participants will meet for the cleanup at **8:00 am** on October 31, 2015 in the parking lot of the Water and Sewer Pipe Maintenance Building at 1103 South Mebane Street in Burlington, 27215.
