This deduction is tax deferred, meaning it is deducted before income taxes. Employees are eligible to receive monthly payments from this account upon retirement. Should you terminate your employment with the City, you may withdraw your contributions from the plan.

Police employees are eligible to receive a full, unreduced retirement benefit after completing:

- 30 years of creditable service
- Reaching age 55 and completing 5 years of creditable service as an officer
- Becoming totally or permanently disabled to do your present job after completing five years of creditable service (vested) or immediately if injured in the line of duty.

When you retire, you have the option of converting your unused sick leave to creditable service or being paid for a certain amount of your sick balance. Health/Insurance Benefits

Health Insurance Coverage

The City of Burlington offers full time employees the opportunity to participate in the City's Group Health Insurance Plan. The City has a self-insured health insurance program that is administered by Blue Cross and Blue Shield of North Carolina and uses the Blue Cross Blue Shield network of medical service providers.

Individual coverage may be provided by the City at no cost depending on the level of coverage selected by the employee. Other coverages such as employee and child(ren), employee and spouse, and family are available and partially subsidized by the City.

The City's health insurance plan requires employees and covered family members to see participating physicians in order to receive full benefits. In-network deductibles range from \$500 to \$1,500 depending on the level of coverage selected. Out-of-Network deductibles range from \$1,000 to \$3,000 depending on the plan selected. After meeting the deductible, employees will pay 20% of the remaining in network eligible costs. After reaching the individual in-network maximum out-of-pocket amount for the plan they chose, all eligible remaining medical expenses will be paid at 100%.

The city has also placed the pharmacy plan (prescriptions) with BCBS. Cost to the employee is determined by the employee's choice of drug, ie choosing a generic drug, when available, versus a name brand drug. Employees can contact BCBS or their pharmacy at any point in time to find out what tier their prescription medicines fall into.

Employees who are on the city's health plan should receive a General Physical Examination once per fiscal year. The employee needs to provide the city's Occupational Health Department proof that he/she received this examination. If the employee chooses to not get an exam, he/she will be charged a bi-weekly fee toward their medical insurance coverage.

Dental Insurance Plan

The City currently offers a comprehensive dental plan administered by Guardian Insurance Co. with a \$25 deductible – depending upon the category of the service. The annual maximum benefit payable is \$2,000. Dental services are divided into the following categories: preventive, basic, major, and orthodontic. Preventive services are covered at 100% of the usual and customary charges.

- Preventive services include oral exams, x-rays, and teeth cleaning. The deductible does not apply to these services and the expense incurred does not feed off of the \$2,000 annual maximum.

- Basic services are covered at 80% of usual and reasonable charges. Services included in this category are fillings, oral surgery, and simple extractions, endodontics and periodontics.
- Major services are covered at 80% of usual and reasonable charges. Examples of major services are crowns, inlays, onlays and dentures.
- Orthodontic service has a \$2,000 lifetime maximum benefit. Coverage is provided at 50% of usual and customary charges. Installation of braces and retainers are examples of orthodontic services.

On-site Health Clinic

The City employs a licensed physician and two nurses who provide care to employees and their covered spouses and children age 18-26 at no cost to the employee. No pediatric or OB/GYN services are provided.

Flexible Spending Plan (Derived from Section 125 of the U.S. Tax Code)

The flexible spending plan allows employees to pay for eligible dependent care and/or medical expenses with pre-tax dollars. Here's an example of how it works:

	<u>Before Flex Plan</u>	<u>After Flex Plan</u>	<u>Flex Savings</u>
Gross Salary Per Pay Period	\$275	\$275	
Flexible Medical Expense	none	(\$14.62)	
Amount Subject to Federal/State Taxes	\$275	\$260.38	
Federal/State Taxes	(\$50.90)	(\$47.16)	\$3.74
Non-Flexed Medical expense	(\$14.62)	none	
Take-Home Pay	<u>\$209.48</u>	<u>\$213.22</u>	

Health and dental insurance premiums are automatically “Flexed” for all employees. A list of medical expenses eligible for the Flex Plan is available in the Finance Department.

Life Insurance

The City provides each Full Time employee a life insurance policy equal to one and one-half times his/her annual base salary (maximum coverage of \$150,000) at no cost to the employee. Additional life insurance coverage for employees and their dependents may be purchased at reasonable rates. Accidental death coverage is included with this policy. The North Carolina Local Government Retirement System will pay the beneficiaries of an active employee who dies, a benefit equal to their annual salary but no less than \$25,000 or more than \$50,000.

Long Term Care Insurance

The City provides each Full Time employee a base amount of Long Term Care Insurance. Employees have the opportunity to “buy up” from the base amount either during their new hire status or during the city’s annual mandatory insurance meetings held each year in the spring.
